THE COURTS.—Circuit Court—Judge  
Melvin. This Court met at the usual  
hour yesterday morning.

Wm. Goetz was appointed Administrator  
of the estate of August Koss, de-  
ceased. Bond, \$2,000.

C. H. Bender, Jr., was appointed Ad-  
ministrator of the estate of John Kneek,  
deceased. Bond, \$2,000.

The case of State vs. Cletus Hauser,  
No. 2, for selling liquor to a minor, was  
placed upon trial before a jury consisting  
of J. P. Knox, Henry Sturgeon, A. L.  
Rice, D. B. McIlwain, J. V. Dickey, J. A.  
Miller, J. Waterhouse, J. McCollough,  
Geo. Wise, C. W. Conner, A. M. Phillips,  
N. F. McNaughton.

A jury was impaneled in the case of  
the State vs. John Robrecht, for selling  
liquor to a person known to be in the  
habit of becoming intoxicated, but with-  
out hearing all the testimony were ad-  
judged until this morning at 10 o'clock.

The following is the jury: A. W. Paull,  
J. G. McLaughlin, J. G. Dillon, John Brown,  
James Devine, V. Rosenberg, G. A. Cum-  
mins, Harry List, Wm. Laughlin, Jerry  
Mason, T. J. Finney, James Wheeler.

The case of the State vs. Warner was  
continued until to-day.

The indictment for selling behind  
screens, frosted windows, etc., were set  
for Thursday next.

Adjourned until the usual hour this  
morning.

Municipal Court—Judge Cranmer. The  
Municipal Court met yesterday morning,  
but without transacting any business ad-  
judged until 10 A. M. to-day.

Police Court—Judge Cranmer. The  
docket of this court yesterday morning  
was disposed of as follows:

Michael Miller, drunk, \$1 and costs.  
George Trehorn, same, \$2 and costs.  
John Marsh, disorderly conduct, dis-  
missed at the costs of Wm. Coyle, com-  
plainant.

Simon Hamm, same, dismissed at cost  
of defendant.

Patrick Halpine, same, \$10 and costs.  
Martin Heisbeck, same, continued to  
Wednesday morning.

Geo. Hendricks, same, \$10 and costs.

RIVER PERSONALS.—Capt. Jas. McCord,  
an old steamboat man, died at St. Louis  
last week.

John Pachell, a well-known Kanawha  
River pilot, died at his home in Gallipolis  
the other day, of dropsy of the heart.

Ed. F. Maddy, the accomplished chief  
clerk of the Salt Valley, was married  
Wednesday night, to Miss Mary M. Bayes,  
at the home of her parents in Gallipolis,  
Ohio.

Captain Tobe Spencer, of the Jesse,  
whose death occurred at Gallipolis last  
Sunday, breathed his last on his fifty-  
third birthday. He was born in Parkers-  
burg, West Virginia, and was one of the  
oldest Pittsburgh and Louisville pilots of  
the river. He was a pilot at seventeen  
and served in that capacity on the Le-  
banon, Friendship, Liberty, Ohio No. 1,  
2, and 3. He was the owner of two  
steamboats, the Zebra and Jessie. The  
former was in the Little Kanawha trade  
but he changed her into a dredge boat; the  
latter he was running at the time of his  
death between Gallipolis and Cincinnati.

THE "SCREEN CASES."—The persons  
charged with selling intoxicating liquors  
behind screens, frosted windows and  
other devices, under the new liquor law,  
are to be tried in the Circuit Court on  
Thursday. The Court has indicated that  
if any of the defendants fail to appear  
on that day, judgment will be taken in  
their cases by default. Below we give a  
list of the cases:

State vs. the following persons: L.  
Walther, Paul Goetz, Mary Gaus, Louis  
Gaus, Wm. Heller, Henry Amick, August  
Rice, Henry Biebersen, Heller & Watt, A.  
Kallisch, G. Warner, John Gebhart,  
John Ramsey, G. J. Danber, G. Lebrand,  
H. Renner, H. Michael, John Klevis,  
Henry Metz, L. Steubenberg, C. Wagner,  
C. Viewig, Joseph Altlinger, Susan Bod-  
wing, Henry Schwartz, N. Ganter, Julius  
Lohse, Henry Imer, Fred Bischoff, Geo.  
Kraus and Henry Dab.

COMMENDABLE.—Three young misses,  
Gracie M. Boyd, Clara Fisher and Zoe  
McClure, hearing of the constant applica-  
tions to the Children's Home for shelter  
and food and care, concluded to aid the  
Home to the extent of their ability, and  
accordingly held a little festival at the  
residence of Mr. John W. Boyd. The re-  
sult was \$10 net for the orphaned ones.  
These young misses deserve commendation  
for their thoughtfulness and action  
upon it. Other young misses might do  
a similar good work in other parts of the  
city.

THE PRACE DISTURBED.—Yesterday  
Thos. Malroy complained before Justice  
Belleville that one Patrick Ward had cre-  
ated a disturbance in contending with  
him. Ward gave bond in \$50 that for  
the period of one year he would leave  
Thomas and the public alone.

Henry Goetz was so disorderly that his  
wife was compelled to appeal to the law  
for protection. She entered an informa-  
tion before Justice Belleville, and Henry  
was arrested and made to furnish bond in  
the sum of \$50 to insure his good behavior  
for the period of one year.

BACHELOR OR BENEVOLENT.—Only six-  
teen marriage licenses were issued by the  
Clerk of the County Court last month,  
against thirty-two in October. Oh, what  
a fall is here my countrymen! Whose  
fault is it?

He blushes deep, and looks afraid,  
To be told he led a life of woe;  
But your eyes tell there no woe was made,  
But could be wooed—now you know they do.

ALICE OPERA BOUFFE.—We are satis-  
fied the public will be pleased to learn  
that Manager Hamilton has succeeded in  
engaging the Alice Opera Troupe for  
one performance in this city. The troupe  
will perform in the Opera House on  
Thursday evening, December 11th.

IGNOROUS WEST VIRGINIANS.—Pat-  
ents have recently been issued to the fol-  
lowing West Virginians:

Safety Wheels for Watches—Harry B.  
Welland, Martinsburg. Filed October 5,  
1874.

Pitman Attachments for Harvesters—  
Andrew J. Sweeney, Wheeling. Filed  
September 5, 1874.

It's strange how some men prosper in  
life. Spurgeon, since his fearless avowal  
of a fondness for cigars, has been receiving  
Paragons and Henry Clays at the rate  
of a dozen boxes a day, while we can  
prove that we avowed the very same  
thing ten years ago, and no one has even  
taken the slightest notice of it. "Smoke?"

This gas pipe for the suspension bridge  
has been received, and will be put in its  
proper place immediately. We hope to  
see the bridge lighted before the close of  
the week.

THEATRE COMIQUE.—Washington Hall  
contained a good audience last evening,  
and a well pleased one. Several new  
pieces made their appearance, and were  
greeted with warm applause. De Witt  
Cook's club manipulations are decidedly  
the best we have ever seen. The serio-  
comic songs of "La Petite Florence" were  
charming, and the little lass was recalled  
several times. But the greatest feature of  
the entertainment was the performance of  
the dancing gymnasts, Robert and Clariss  
Hunting, whose lightning evolutions on the  
trapeze drew thunders of applause. The  
entertainment concluded with the popular  
comedy, "The Murder at the Roadside  
Inn," sometimes called "Robert Macaire,"  
which was presented in good style.

DEATH OF JACOB BURKLE.—Mr. Jacob  
Burkle, an old citizen of Wheeling, died  
in Pittsburgh on Sunday evening last of  
congestion of the brain. Mr. Burkle was  
well known in this community, having  
held several important offices in Ohio  
and afterwards Clerk of the Circuit Court.  
In 1866 he was a candidate for Sheriff,  
and was defeated by Thomas J. Campbell.  
Shortly afterwards he removed to Cor-  
nington, Ky., where he engaged in the  
quarrelsome business. Mr. Burkle was in  
his thirty-sixth year at the time of his  
death.

A DONATION PARTY.—On Friday even-  
ing last a number of the friends of Rev. L.  
Stewart, who is located in Benwood,  
in his absence took possession of his  
house, bringing with them a large supply  
of eatables and a number of useful articles  
necessary in housekeeping. Upon the  
arrival of the reverend gentleman he was  
presented with a handsome sum of money.  
The company enjoyed an hour or so of  
social converse, after which they separated.

"OUR COUSIN GERMAN."—The great  
character comedian, Mr. J. K. Emmet,  
will make his first appearance in this city  
on Monday evening next in his original  
character of "Fritz, Our Cousin German."  
As Mr. Emmet has appeared in this  
character over 1,500 nights in America,  
and 300 in Europe, his personation is  
almost as well known as Jefferson's im-  
mortal "Rip."

SECOND SEANCE.—Mr. Charles Reed,  
whose physical manifestations at a dark  
seance in Hornbrook's Hall we noticed  
yesterday morning, gave a second seance  
last evening. The attendance was some-  
what larger, but nothing of particular  
importance occurred outside of what we  
have already mentioned. Mr. Reed will  
take his departure to-day for Pittsburgh.

STODDARD TO-MORROW NIGHT.—The  
manner in which the seats were reserved  
yesterday indicates that our citizens have  
not forgotten the brilliant success of the  
Stoddard dramatic company last winter.  
The Opera House will probably be crowd-  
ed every night during the week.

SUPR. LEBONHART informs us that the  
work of paving Main street, where the  
grade has been changed, will be com-  
menced as soon as favorable weather will  
permit. The reason it has been delayed  
is because the contractor has not yet  
furnished the curbstone.

AN ELECTRIC CLOCK in the window of  
the jewelry store of Henggen, Bates &  
Co. attracts considerable attention. The  
inventor of the clock claims that one  
charge of electricity will keep his time-  
piece going for two years.

DURING the month of November thirty  
deeds in fee transferring real estate were  
admitted to record in the office of the  
Clerk of the County Court. In the same  
time fifty deeds of trust were admitted  
to record.

THE streets were very slippery yester-  
day, and the street car horses stumbled  
frequently. The cars did not run all the  
way up town for a short time yesterday  
morning, until the track was put in good  
condition.

TAKEN TO CLEVELAND.—We under-  
stand that the gay and festive Major Car-  
man was taken to Cleveland yesterday  
to be held for trial before the U. S. au-  
thorities for alleged complicity in "saving  
the queer."

TWO MORE FURNACES.—Mr. B. F. Cald-  
well, the well-known tinner, is putting  
two more furnaces in the Opera House.  
Audiences will have no reason to grum-  
ble about a cold house this winter.

AN exchange seems sadly grieved over  
the sorrows of a man who is compelled  
to listen while ladies talk of gallions and  
curious bagues. Is it any worse than  
watching two men try to catch each other's  
hats?

ANKLE SPRAINED.—A man named  
Frank Sprain, lately employed in Henry  
Schulmbach's 12th street liquor store,  
yesterday morning sprained his ankle.

As the boating season is over, the  
Nail City boat house has been stowed  
away for the winter in a comfortable cor-  
ner near the Belmont Mill.

THE Nail City Boat Club realized  
about \$300 by their ball on Thanksgiving  
Even. The boys don't do anything by halves.

OFF DUTY.—Johnny Loveland, the  
"musical Mike" of the Theatre Comique,  
sprained his ankle a day or two ago, and  
has since been taking a rest.

If you like a dash of vigor but not  
very violent talk from a frontier farmer,  
ask him about the management of our In-  
dian agencies.

In some parts of the country when a  
woman begins to get red at the throats of  
her hair it is regarded as a storm signal,  
and she is warned to take care.

It was so cold in the Eighth Ward  
school building yesterday morning that  
school was dismissed before 10 o'clock.

In a South Wheeling street car, yester-  
day afternoon, the market baskets oc-  
cupied more room than their owners.

SKATING will now commence and  
drownings will be in order, the ice being  
thin.

A RELIGIOUS revival was inaugurated  
at the Thomson M. E. Church last even-  
ing.

How to avoid taking a fresh cold—  
keep the old one.

"My Sunday evening mail" is what she  
calls him in Detroit.

The "screen cases" will be examined  
in the Circuit Court on Thursday.

If you have sore throat procure a bottle  
of "Brook's" Diphtheria Cure.

BEAULIEU ITEMS.—Beaulieu a suburb  
of Wheeling—where is the man who  
dare say this? Beaulieu is a city of its  
own; it has its own manufacturing estab-  
lishments, its Rolling Mill, Glass Houses,  
Machine Shops, Implement Works, Gas  
Works, Water Works, a Calaboose, a  
Mayor, Policemen, a few barber shops,  
doctors and reporters for the Wheeling  
Register and Evening Standard. There are  
three large hotels in the city in prosper-  
ous condition, besides private boarding  
houses, "which are many and of great  
number," and numerous other ranches  
better imagined than described. Two  
newspapers are printed here weekly, and  
"dissent their dread banishment" before the  
eyes of the citizens of this place. Be-  
aulieu is a suburb of Wheeling! We can't see  
it. What is "suburb" about it? Beaulieu  
can compete with Wheeling in many  
ways, and beat her too. The day always  
comes when the "child can outwind the  
parent." People may go now from  
Beaulieu to Wheeling, but we think the  
day will be when the "mountain will come  
to Mohamet" and Mohamet can stay at  
home. Beaulieu can outgrow Wheeling  
and can rest secure and firmly on her own  
"tub." We understand Beaulieu to imply  
that part of the country lying near a  
"great center of attraction," to which it  
looks for all necessary wants to be sup-  
plied. This is coming it pretty broad on  
the word "suburb," but it answers our  
purpose. A stranger when hearing of  
Beaulieu as a suburb of Wheeling, takes  
it for granted that Beaulieu is a "sort  
of a no kind of a place at all," not worth  
of notice, a mere "suburb" of Wheeling.  
"Where brother the man with soul  
so dead, who never to himself hath said,"  
etc. If there are any around here "shoot  
them on the spot." Beaulieu a suburb of  
Wheeling—not much.

The Council meets to-night. "Come  
let us counsel together." Our City Coun-  
cil is as "counselous" as a tired horse, a sailing  
wife, or worse than a smoky chimney.

The Sheriff of Belmont county has  
been extending invitations to quite a  
number of our citizens to appear before  
His Honor Judge Chambers, and tell  
where they have been getting their nips.

The recipients of said invitations don't  
seem to feel them much. A trip to  
St. Clairsville in cold weather is hard on  
the boys' physical health, while to tell  
about the number and place of your eye  
openers and night caps, buries the moral  
man most prodigiously.

Saloon keeping is a hard business.  
Some men can be fairly drunk and no one  
will know it. In both cases of saloon men  
look above the age of twenty-one, while  
an old stage of twenty and four may be  
in a condition of juvenile beardiness;  
so the vendors of intoxicating bev-  
erages must be either very fine judges of  
age or else run the risk of being called be-  
fore some of our various courts, in which  
they are often handled without gloves. A  
number of them have already become ex-  
pert checker players with their noses.

A manifest elongation of countenance  
is visible on many of our coal and river  
men as they watch the gradual receding  
of the river. Our best weather prophets  
say they feel certain of another rise be-  
fore a heavy freeze sets in. May their  
prophecy be verified.

There is quite an excitement among the  
shanty residents of the Baltimore & Ohio  
Railroad Company's vacant lots, owing to  
the late order to vacate. To do so at  
this season of the year would entail hard-  
ships on many industrious and frugal  
people.

In our opinion a boot-black could make  
it pay in our place. As there are none  
here, it would pay well, if Prof. Lee's  
boots were left out of the market, for on  
them would come the "tug of war" for  
the boot-black.

The beer wagon was in town yesterday.  
The snow around town became heavy  
up to its work, under the kindly beams  
of the sun yesterday.

We think we saw old "Spiv." in town  
yesterday, and we think we see him still.  
Only one man was up before the Mayor  
yesterday. He was damaged by bad  
drinks.

There was a show in Central Hall last  
night.

LOW PRICED AND GOOD.—THE EMERSON  
PIANO.—To supply the wants of the  
great number of persons who desire to pos-  
sess a piano, but do not feel able to go to the  
expense of the costliest make, and yet  
would only have a good, substantial one  
we have made a most careful examina-  
tion of all the lowest priced pianos made  
in the United States. The result of this  
examination is that we have found those  
made by W. P. Emerson to be the best  
pianos for the price, and the cheapest  
good pianos that are made. They are  
most substantially built, on the soundest  
acoustic principles; the wood is of the  
best quality, and properly seasoned; the  
tone rich and powerful, and the touch  
easy and elastic; each one is provided  
with the full iron frame and overstrung  
base; they stand well in tune, and wear  
well in every particular. This we know  
from actual experience. The difference  
in price between the Emerson Piano and  
the more costly makes is caused by the  
most rigid economy in the manufacture  
consistent with excellence, and by a sav-  
ing of labor on those parts which neither  
affect the tone nor durability.

We have just received a large and  
select stock of these "best low priced  
Pianos," and offer them at low prices for  
cash, or on monthly or quarterly pay-  
ments. Call and see them.
